What are occupational safety and health management systems ...

An occupational safety and health management system influences the occupational safety and health performance of the organisation. A management system only functions adequately when there is a continuous and systemic control of all activities and influences relevant to OSH. **FUNDAMENTAL PRINCIPLES OF SAFETY** fundamental principles of occupational safety and health, based on the ILO's philosophy of prevention and protection, which stems from the Xpress text - Prelims (pp.i-xiv)-Intro-CHI (p.1-40) 27/06/2008 15:14 Page viii
