The Bass Handbook of Leadership Book by Bernard M Bass

Bass has continued to develop his theory of transformational leadership -- the paradigm of the last twenty years -- and he details how it makes possible the inclusion of a much wider range of phenomena than when theory and modeling are limited to reinforcement strategies. He also details the new incarnations of transformational leadership since the last edition.

Ethics and transformational leadership, for example, have become increasing subjects of inquiry. Distinctly separate fields of inquiry, such as political science and psychology, have been joined in this edition to build a broader appreciation of the phenomenon of leadership. Throughout the Handbook, the contributions from cognitive social psychology and the social, political, communications, and administrative sciences have been expanded.
