with the aid of the coupled projective Riccati equations. The higher-order nonlinear Schrödinger equation describing the propagation of ultrashort pulses in nonlinear optical fibers is researched and its various exact solutions are derived by means of the simple transformation and the subsidiary elliptic-like equation mentioned above.

### **Travelling wave solutions and soliton solutions for the**

In this paper, we investigate exact soliton solutions to a nonlinear transmission line. Using a concise and simple method known as the generalized Riccati equation mapping method, we solve a continuous nonlinear model associated with the previous nonlinear transmission line. As a result, we obtain miscellaneous travelling wave solutions including trigonometric, hyperbolic, and rational functions.
