I know what machiavelli would do!! he would surely NOT recommend this book.the author failed to understand Machiavellianism in more than one way.Machiavelli said that if love can do the job then fear is not required. this aspect completely ignored by the author . sadly this book has sensationalism and humor which makes it a BESTSELLER . read "THE PRINCE " by machiavelli to get the real thing and ignore this second rate book.

Machiavelli literally tells you what he would do in that book. However, this is a satirical account of Machiavellian values as applicable to business, and thus should not be taken seriously. Interestingly, Bing mentions Trump and Weinstein in this book, doing neither any favours with his writing, and it makes for a different reading experience in 2018 than I presume it would in 2000 when it was published.
